## Character Development and D&D

Go on an epic quest while strengthening your acting skills in this remote drama class that pairs drama with the collaborative fantasy storytelling game Dungeons and Dragons. Using the D&D model, you'll create a hero with a backstory. Then your drama instructor will guide you on how to bring that character to life using acting techniques, improv skills, and game play. Finally, we'll put our new skills to the test as we play a virtual game of Dungeons and Dragons together.
